LOUNGE TECHNICIAN

Position Summary:

The Lounge Technician is responsible for the set-up and operation of a wide variety of Audio/Visual equipment required to support various activities, shows and Variety Artists. The technician will also perform preventive maintenance & general cleaning of all technical entertainment equipment, including safe and proper storage.

The Lounge Technician is expected to maintain and inspect all equipment and to track inventory in order to ensure that all props and items are available for the shows. This person must also be available to assist other technicians whenever needed.

Principal Duties and Responsibilities:

Operates audio, lighting, video equipment in all auxiliary lounges & venues.

Assist with scenic changeovers in the Theatre.

Records incidents of damaged or broken equipment and reports them to the Technical Supervisor and Electronics Engineer Jr. for resolution.

Assist with preventative maintenance and cleaning of all entertainment technical equipment.

Perform and maintain high quality audio and lighting effects for events and cabaret artists.

Maintain cleanliness and tidiness of band stand and entertainment areas as required, keeping all cables neat and organized.

Maintain that all entertainment storage rooms are clean and organized and in manageable condition.

Manages the collection and secure storage of all microphones and other entertainment equipment at the close of a venue.

Maintain and update records of all shows and changes to backstage tracks & rigging & scenic changes to backstage tracks. Maintain and update auditable inventory of all entertainment props and equipment.

Performs other related duties as assigned or as directed. The omission of specific duties does not preclude the supervisor from assigning duties that are logically related to the position.

Provides technical support and assistance to all shows performed in all auxiliary lounges & venues. Supports the efforts of each show by ensuring the proper operation, storage and maintenance of all Audio/Visual equipment.

Experience

Two to three years audio experience in different venues from small to large events.

Knowledge of both Analogue and digital Audio console (For example; Yamaha PM1D, PM5D, M7, PM3500, Midas Heritage) Shure Wireless microphones. Lexicon effects processors, Tape and hard drive playback systems. Various gate and compression units.

Intermediate knowledge of Musical theatre productions, backstage operations and safe rigging practices.

Intermediate to Advanced knowledge of Microsoft Office, especially Word, Excel and Outlook.

Advanced to fluent level of English verbal and writing skills, including the proper use of English grammar is required.

Ability to apply customer service skills when interacting with guests and coworkers.

Preferred

Appropriate vocational/technical training and/or experience may substitute at an equivalent rate for the required degree.

*this job description is to be considered as a general reference of duties and responsibilities for the position as it might change according to ship and cruise line.
